Corporate Profile

Mission

Our mission is to continuously improve and earn our golden trade-mark 'Western Marine quality and stansard' on our maritime industries

Vision

Our vision is to become important and efficient part of our country's modernization, growth and maritime strategy.

Corporate overview

- The Western Marine Services Ltd. was established in 1994 by a group of professionals who were willing to pool their resources to define a new order of maritime services.
- WMS is a cluster of technological excellence developed to meet the global demand of Maritime Industry.
- It combines the knowledge, Competence and skills of potential professionals with diversified facilities.
- The company follows a quality management system established through ISO 9001:2000 certified by Germanischer Lloyd.
- Welding procedure is being ensured in accordance with WPQR.
- WMS remains healthy & safe through the standard OHSAS 18000.

Code of Business Conduct

Introduction

The Corporate Business Principles of Western Marine Services prescribe certain values and principles which Western Marine Services has committed to local and worldwide. This Code of Business Conduct specifies and helps the continued implementation of the Corporate Business Principles by establishing certain non-negotiable minimum standards of behavior in key areas.

The nature of this Code is not meant to cover all possible situations that may occur. It is designed to provide a frame of reference against which to measure any activities. Employees should seek guidance when they are in doubt about the proper course of action in a given situation, as it is the ultimate responsibility of each employee to “do the right thing”, a responsibility that cannot be delegated.

Employees are always guided by the following basic principles:

- avoid any conduct that could damage or risk Western Marine’s or its reputation;
- act legally and honestly;
- put the Company’s interests ahead of personal or other interests.

For the purposes of this Code, references to “employees” include employees, associates, officers and directors of Western Marine’s. and its subsidiaries.

Policy

The Code of Conduct outlines the standard of behaviour and conduct required of all directors, officers and employees in the performance of their work with Western Marine Services Ltd.

Scope

The Western Marine Services Ltd Code of Conduct sets down standards for appropriate ethical and professional behaviour for directors, officers and employees. It sets out the fundamental values which form the basis of, and, underpin business and personal relationships at Western Marine Services Ltd.

Compliance with laws, rules and regulations

We respect and observe all applicable laws, regulations and Western Marine Services Ltd policies and follow all lawful directions (see Western Marine Services Ltd’s legislative and regulatory compliance policy.). Where concerns arise, legal advice are sought before any action or decision is taken

Occupational health and safety

Western Marine Services Ltd is committed to protecting the health and safety of its employees, contractors and the general public and believes that every staff member and contractor working with Western Marine Services Ltd has the right to return home from work free from injury and harm. We comply with all health and safety legislation and regulations as a minimum, and adhere to Western Marine Services Ltd’s health and safety policies and systems in relation to our own people, contractors and members of the public.

Professional behavior

We maintain the highest levels of professional conduct in our interactions with each other and in representing the company with our customers, other stakeholders and the wider community. We maintain business relationships in a manner consistent with the principles of:

- Courtesy and respect for others
- Integrity and fairness
- Taking responsibility for one’s actions and being accountable for the consequences
- Having regard for interests, rights, safety and welfare of others
- Acting honestly, cooperatively and being trustworthy
- Being fair and unbiased in all our dealings
- Merit, equity and probity
- Promoting a positive image of Western Marine

Confidentiality

We value and protect our confidential information and we respect the confidential information of our clients

Western Marine continued success depends on the use of its confidential information and its non-disclosure to third parties. Unless required by law or authorized by their management, employees shall not disclose confidential information or allow such disclosure. This obligation continues beyond the termination of employment. Furthermore, employees use best efforts to avoid unintentional disclosure by applying special care when storing or transmitting confidential information.

Western Marine respects that third parties have a similar interest in protecting their confidential information. In case those third parties, such as joint venture partners, suppliers or customers, share with WMS’ confidential information, such information shall be treated with the same care as if it was WMS’ confidential information. In that same spirit, employees shall protect confidential information that they have obtained in the course of their prior employment.

Experience Certificates

Major Facilities & Manpower

- WMS is a limited company with its own head office in Agrabad commercial area, Chittagong, Bangladesh.
- It has two location for a marine workshop & a warehouse cum reconditioning yard.
- The (Saltgola) workshop is beside CPA New Mooring container jetty ; and
- The (Sagorika) warehouse cum reconditioning yard is in BSCIC Industrial Estate.
- The company has a huge number of owned major equipment.
- The whole infrastructure is an outstanding professional combination of man and machine.

Major Equipment:

- 1 X Mobile crane swl – 19 mt
- 1 X Mobile crane truck mounted swl – 3 mt
- 1 X Fork –lift swl – 5mt
- 1 X Floating crane swl 15 tons on pontoon
- 1 X (300 kva, 200 kva, 100kva, 50 kva each) Genset
- 150 X Welding machine, 300a, 500a, 600a
- 150 X Gas cutting set
- 5 X Plate & pipe bending machine
- 3 X Ultrasonic thickness gauging machine
- 5 X Sand blasting set
- 5 X Air compressor for sand blasting
- 5 X Spray painting machine
- 1 X Shearing & punching machine (upto 12 mm plate)
- 1 X Universal machine 16'
- 4 X Lathe machine(Swing – 762 mm & Length – 4.27 m)
- Micro Metre
- MPI Machine
- Hardness Tester
- Ultrasonic Flow Detector
- Ultrasonic Thickness Gauge
- Own pit for Radiographic Test

Manpower:

- 8 X Marine Engineers (MEO Class-1)
- 12 X Mechanical Engineers
- 6 X Electrical Engineers
- 5 X Civil Engineers
- 25 X Supervisor/Foreman
- 130 X Skilled Workers
- 150 X Semi Skilled Workers

Space:

- Corporate Office – 4000 sft.
- Registered Office – 3500 sft.
- Saltgola Workshop – 4000 sft.
- Sagorika Warehouse – 35000 sft.

Our Services & Products

Civil / Heavy Industrial Construction & Repair

Industrial & heavy construction is Western Marine's another field of expertise. We have the know-how for construction of steel towers, foot-over bridges, industrial sheds, civil constructions & other heavy constructions. We even have a rich track record in such industrial constructions.

Western Marine Shipyard : Total infra-structure design, implementation & construction of 2 storied production building, 3 storied staff accommodation, mosque, pavements, Internal road, slipway- 3 nos, gantry way, lock gate.

Section Seven : Construction of 80000 sft. 4 storied factory building & 26000 sft. 4 storied office building

BSRM : Fabrication, erection & sheeting of APC Bag House shed and fabrication & erection of pipes/ducts structures

Storage Tank Engineering & Construction (EPC)

14 X 5000 m3 Tanks for MJFL 15 Tanks of different capacity for SPPL Construction of Tank Roof Top 2 X 50,000 m3 Tanks for ERL

Western Marine Services holds a strong portfolio in construction of storage tanks. We have even built the largest fuel storage tank in Bangladesh which has the holding capacity of 50,000m3 used by Eastern Refinery Ltd. We have built around 100 tanks of various capacities complying API 650 code.

What we do:

1. Tank Design and Drawing as per API 650 Code
2. Tank Fabrication, Erection, Painting, Testing, Commissioning, Calibration and Internal Floating Roof Installation of New Construction Doom Roof / Cone Roof Petroleum, Petrochemical, Oil and Water Storage Tank as per API 650 Code including supply of all required materials.
3. Tank Repair as per Code
4. Pipe line works including supply of all required materials.
5. Tank related all civil works.
6. Supply, Installation, Testing and Commissioning of Fire Fighting System.
7. Construction, Fabrication, Erection and Fixing of Pontoon Jetty including supply of all required materials.

NDT (Non Destructive Testing) & Inspection

What we do:

- Visual Inspection
- Dye Penetrant Test (DPT)
- Magnetic Particle Inspection (MPI)
- Ultrasonic Test (UT)
- Ultrasonic Thickness Measurement (UTM)
- Radiographic Test (RT)
- Vacuum Test
- Hardness Test
- Calibration (Ship Engine Spare Parts: Piston, Liner, Crank Shaft etc.)
- Welding Procedure Test
- Welding Qualification Test
 - Tensile Test
 - Bend Test
 - Charpy Impact Test
 - Macro Test
 - Macrograph Test (Material Test)
 - Chemical Composition Test of Specimen.

Qualified persons in the NDT Department:

- Level II qualified - 5
- Level I qualified - 2
- Other technicians are also available.

Major Clients for NDT work:

- Western Marine Shipyard Ltd.
- Bangladesh Shipping Company
- Brave Royal Ship Management Ltd.
- Abul Khair Shipping Ltd.
- Santos Sangu Field Limited.
- Karnaphuli Fertilizer Company Limited. (KAFCO).
- Mobil Jamuna Fuels Limited (MJFL)
- Super Petrochemicals (Pvt.) Ltd.
- Bangla CAT
- Padma Oil Company Ltd.
- PHP (Ship Management)
- Bangladesh Container Lines,Ltd. (BCL)

Dredging

Being a riverine nation the channels of Bangladesh requires constant dredging to maintain minimum depth for navigation of ships. We are one of the dredging service providers in the country.

Ship Repair

Mongla Port & Chittagong Port are two major sea ports in Bangladesh & also attractive destinations for merchant ships all over the world. Thousands of ships hit these ports each year and requires technical services.

We are the prime choice of clients for ship repairing in Bangladesh. In-fact Western Marine Services in the initiator of Marine Workshop in the private sector of the country since 1994. We still hold that heritage by doing all kinds of ship repairing works which includes deck, engine repair works, plate renewal and installation of machineries including generator set, pumps, purifiers, air compressors & many more in our home ports Chittagong & Mongla.

What we do:

Deck repair

- Hull repair and renew
- Deck plating repair and renew
- Pipe fabrication and repair
- Fabrication of hatch covers
- All types of fabrication as per customer's requirement.
- Assist and undertake hull construction of new ship building under class
- New construction of barges & pontoon

Side shell repair at outer anchorage

Crane installation on ship deck

Ship's hull repair

Ship's generator overhauling

Engine and auxiliaries

- Repair and installation of main and auxiliary machinery
- Main engine trouble shooting and it's related services
- Installation and repair of auxiliaries
- Pump, air compressor, purifier, etc repair and installation
- All types of pipe lines and valves
- Boiler tube repair, cleaning and repair
- Sewage treatment plant, oily water separator
- Heat exchanger cleaning, repair and installation
- Air conditioning plant and domestic fridge servicing
- Power plant generator set repair, maintenance and overhauling.
- Assist and undertake main and auxiliary machinery installation for new ship building under class
- All types of blower and fan repair and servicing

Hydraulic system

- Steering gear repair and servicing
- Repair of mooring winch and anchor windlass
- Repair of hatch cover hydraulic system
- Installation and repair of deck crane
- All types of hydraulic system trouble shooting

Others

- Supply of oxygen, acetylene, freon gases
- Supply of machinery, spare parts and equipment for ocean going vessel and inland vessel
- Operate own pleasure craft (catamaran cruise vessel) in the river Karnaphully
- Jetty construction.

Marine Spare Parts Supply & Export

We have a huge stock of new & reconditioned spare parts collected from demo listed vessel. We export all items of spare parts and complete machineries as per customers' requirements at a very competitive price, having checked by our engineers and overhauled with Class Condition Certificate if necessary.

The ship demolishing scrap yard in Chittagong is the largest scrap yard in the world. It is a huge source of different types of machineries & spare parts from demo ships. Western Marine collects the best parts of these ships & reconditions them for reuse. So far we have exported such spare parts to more than 100 destinations. Once we get a query from our client, right away we step our foot down ensuring it meets the demand on right time.

Dry-docking Consultancy

A small concern of Western Marine Services is engaged in dry docking consultancy which includes survey, inspections & other consultancy services. The dedicated professionals engaged in such works have vast knowledge in marine & industrial field. The services provided include:

- NDT consultancy
- NDT procedure, planning & approval
- Ultrasonic testing
- Radiography testing
- Eddy current testing
- Magnetic particle testing
- Cathodic protection consultancy & installation
- Post weld heat treatment
- Crankshaft hardness testing
